

PROGRAMME
of the International Industrial Forum
The Intelligence of Machines and Mechanisms and
the Defense Industry Conference on Robotics Complexes
(Sevastopol, May 19 - 21, 2021)

May 18 (Tuesday)

During the day - Arrival and accommodation of delegates of the Forum.

May 19 (Wednesday)

09.00 - Start of the Forum, the Conference and the exposition of radio-electronics industry.

09.00 - 13.00 – *Research to Practice Conference on Creating National Perspective Communication Systems and Facilities.*

09.00 - 13.00 - Defense Industry Conference. Section: *Robotics technologies. Land robotics. Simulation complexes.*

09.00 - 13.00 - Defense Industry Conference. Section: *Unmanned aerial vehicles.*

09.00 - 13.00 - Defense Industry Conference. Section: *Marine robotics complexes.*

09.00 - 11.00 - Session: *Devices and Control Systems.*

11.00 - 11.30 - Coffee break.

11.30 - 13.00 - Session: *Hardware-software complexes and control systems for fuel and energy complex.*

13.00 - 14.45 - Lunch, individual meetings.

13.15 - 14.15 - **Exposition display tour and observation of radio-electronics industry projects by key participants of the Forum** (part 1).

13.30 - 15.00 - Session: *Educational equipment and hardware and software complexes.*

14.45 - 15.45 - **Meeting of the Electronics Industry Development Council.**

14.45 - 15.45 - Transfer to the Sevastopol Congress Hall for the delegates of the Forum and the Conference.

15.00 - 16.15 - Coffee break in the Sevastopol Congress Hall.

16.30 - 18.30 - **Plenary Session: *Electronics Industry as the Technological Basis of Sovereign and Innovative Development. Signing of Agreements.***

19.00 - 19.30 - Transfer to the Konstantinovskaya Battery Museum and Exhibition Complex (by boat).

19.30 - 22.30 – **Gala reception on behalf of the Governor of Sevastopol M.V. Razvozhayev on the occasion of the opening of the Forum at the Konstantinovskaya Battery**

- greeting speeches,

- performances of military patriotic music bands,

- drones light show.

22.30 - Transfer from the Konstantinovskaya Battery (by boat).

May 20 (Thursday)

09.20 - 10.00 - **Exposition display tour and observation of radio-electronics industry projects by key participants of the Forum (part 2).**

10.00 - 13.30 - **Session: *Artificial Intelligence.***

The session is organized in partnership with *Innopraktika* Company.

10.00 - 13.30 - **Final Meeting of the Defense Industry Conference on Robotics Complexes and the Research to Practice Conference on Creating National Perspective Communication Systems and Facilities.**

11.30 - 12.00 - Coffee break.

13.30 - 14.30 - Lunch, individual meetings.

14.30 - 16.15 - Session: *Medical equipment and telemedicine health.*

14.30 - 16.15 - Session: *Security systems as a segment of as safe city safe city segment.*

14.30 - 16.15 - Session: *Hardware and software complexes for agricultural industry.*

16.15 - 16.45 - Coffee break.

16.45 - 18.30 - Session: *Internet of things*.

16.45 - 18.30 - Session: *TV, video, audio equipment and display facilities*.

May 21 (Friday)

10.00 - 11.30 - Session: *Smart transport and electric systems for motor vehicles*.

10.00 - 13.00 - Session: *Computer engineering*.

10.00 - 13.00 - Session: *Telecommunication equipment*.

10.00 - 13.00 - Session: *Hardware and software complexes for natural resources*.

11.30 - 12.00 - Coffee break.

12.00 - 13.30 - Session: *Intelligent lighting systems and control equipment for the housing and utilities infrastructure*.

13.00 - 14.00 - Lunch.

14.00 - 17.00 - Final reception of the Forum.
